

Magnetizing what I am with joy and appreciation
I follow the Divine Guidance that allows success and fulfillment.
Being the bridge between the abundance in thought
to wealth expressing;
I see my life easily and masterfully manifesting
the abundance to bring vision into form.

Rhyming with the ebb and flow of life
I now ride the affluent financial surge into my expression in life.
I make a positively prospering contribute in thought and action to
My morphogenetic field which prosperous all aspects of my life
as the new prospering paradigm unfolds into a surplus for all.

Being a master of money, I know this energetic exchange
clearly mirrors the activity of my inner thoughts
and my thoughts are of God abundant prosperity.
Freed from the hypnotic trance of debilitating truculent thoughts of scarcity
I trust my transformed beliefs for ever increasing positive cash flow.
No longer mesmerized by the hungry spirits of fear, that can't be fed,
I am freed to gracefully metamorphosize into God vision.

Liberated from the fascination and fixation
by the bound psyche of the convulsing limited self
that is constantly looking for what's wrong;
I am a voyeur to God's abundance.
Forgiving whatever has denied the freedom of this natural state of ease
I move outside of what I have known as limited
to be the omnipresence wealth of God.
I continue to discover new ways to give and serve
finding the faucets of the universe's abundance
running full blast in support of these actions.

Grateful to be doing the love of purpose,
I come to find I easily have all that it takes.
Giving and receiving allows for the
continuation of expressing the higher qualities of Spirit.
I am the abundant convergent point
of the Infinite Universe into form.
Letting go and living in the current of peace and security
there is a surplus of God's Essence easily experienced
in all area in this ever changing world.

And So It is!

Rev. Christian Sorensen
